

daintree foaming cleanser

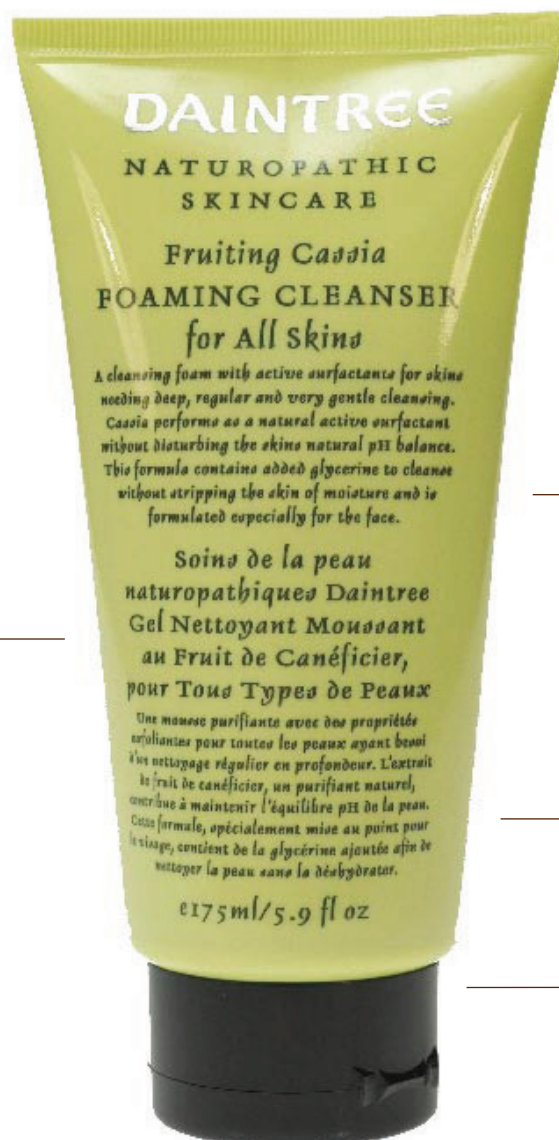

item no.: 1020

what it is

A cleansing foam with active surfactants for skins needing deep, regular and very gentle cleansing. This product was formulated especially for the face.

what it does

- Vegetable Glycerine contains natural moisturising properties, drawing moisture from the atmosphere to the skin.
- Thoroughly cleanses and regenerates the skin.
- Refines skin texture and tightens pores.
- Leaves skin fresh, soft and radiant

main active ingredients

Fruiting Cassia – a natural astringent and toner for the skin, with innate antiseptic and moisturising properties.

It performs as a natural active surfactant without disturbing the skin's natural pH balance.

Sea Salt – a mineral regenerative and skin purifier.

how to use

Apply a small amount as required to your face and neck, avoiding the eye area. Add water to work up a light foam. Rinse thoroughly, tone and moisturise lightly.

when to use

Apply morning and night before toning and moisturising lightly.

companion products

For best results, also use Daintree Healing Hydrating Moisturiser and 3-in-1 Tonic Express.
