

mayaltha better stretch mark removal

item no.: 4441

what it is

A revolutionary totally natural serum containing unique Australian plant-active ingredients to firm, strengthen, detoxify and tone the delicate and sensitive skin and tissue of the body. It is specially formulated to assist in minimising the visual effects of stretch marks.

It is safe to use during pregnancy. Dermatologically tested.

what it does

- Helps minimise the appearance of stretch marks.
- Aids in strengthening and thickening the skin.
- Encourages repair and renewal of skin that has been damaged due to stretching.
- Helps prevent scarring.
- Detoxifies and assist in the removal of excess fluids and wastes.
- Helps to calm inflamed skin.
- Aids in the reduction of scarring and redness caused by stretch marks.

how to use

Massage a thin layer into affected or high-risk areas, such as hips, thighs, abdomen and breasts.

main active ingredients

Alpha and Beta Hydroxy Acids – Penetrate and work deep within the skin pores to exfoliate, renew and restore skin that has been damaged due to stretching. Beta Hydroxy Acids are proven to help reduce premature signs of aging as they promote new cell production including collagen synthesis and skin thickening. This is essential in order to repair skin that has been damaged through stretching.

Witch Hazel Extract – A natural, vegetable-derived astringent and skin purifier. It tightens and refreshes skin. One of the most adaptable and effective natural ingredients.

when to use

Apply each morning after showering and each night before bed.

companion products

For maximum results, also use Mayaltha Better Bottoms and Mayaltha Better Legs.

results

- Helps minimise the appearance of stretch marks and reduce scarring
 - Aids in strengthening and thickening the skin
 - Encourages repair and renewal of damaged skin
