

# camouflage lacquers

In 51 diverse colours!

## what it is

Lacquers for the fingers and toes that are as natural and pure as modern technology allows.

Proprietary formulas.

100% Toluene and Formaldehyde free.

## what it does

- In 40 diverse colours to suit any mood or outfit. Use with matching Crayons for ultimate effect.
- Provides intense and long-lasting colour to nails without the use of potentially harmful synthetic colourants - contains food grade and approved natural colours only.
- Tested to last 10 days without chipping or flaking.

## main active ingredients

**Silica** – Derived from sand and horsetail plant, is a water-repellent and nail protectant.

Acts as a lubricant to allow smooth, even application.

## how to use

Safe and effective to apply Lacquer directly onto nails.

For optimum durability and extra glossy finish, use clear Lacquer (000) as base and top coat.

## when to use

As desired.

## companion products

For best results, also use Camouflage Multi-functional Crayons and Camouflage Blenders

## results

- Provides intense and long-lasting colour to nails without the use of potentially harmful synthetic colourants
