

hi-shine manager

item no.: 3475

what it is

A light mist that prevents 'frizz' and 'fly-aways' in all hair types. It conditions as well as smoothing and softening each strand of hair.

what it does

- Helps to relax and smooth hair to prevent 'frizz' and 'fly-aways'.
- Nourishes hair, leaving it soft, smooth, and brilliantly shiny.
- Highlights natural colour of the hair.
- Leaves hair smelling beautifully clean and fresh.
- Helps to strengthen and protect hair.

how to use

Spray lightly into the hair paying particular attention to the ends of long hair. Comb through with a wide-toothed comb and style as usual.

main active ingredients

Wheat Protein - contains a combination of lipids, pure mineral salts and pure vitamin E that help to optimise the balance between hair texture and suppleness.

Lemon Oil - Grown in far northern Australia. This fragrant plant is high in vitamins and essential oils that feed, deodorise and purify the hair. Described as one of nature's most valuable contributions to the preservation of health, it also imparts a wonderful lustre to all hair types, and is especially effective on dry, treated or problem hair.

when to use

Use after shampooing and re-apply throughout the day if the hair feels dry. Can be used between washes and on dry hair for added lustre and softness.

companion products

For maximum results, also use Hi-Shine Extra Care Shampoo and Hi-Shine Super Shine Mask.

results

- Relaxes and smooths hair to prevent 'frizz' and 'fly-aways'
 - Leaves hair soft, smooth, and brilliantly shiny
